## OUR MISSION

By Director Joshua Coker

We are committed to providing safe, quality services focused on teaching athletes solid fundamentals in Cheerleading, Dance & Tumbling for all ages and abilities in Western Australia. Our coaching program is designed to help our athletes discover their own abilities through high-quality instruction in a fun, disciplined environment while working as a team to achieve success. Our goal is to help create strong independent leaders who will be able to apply their learning and work ethic to experiences throughout their life and future leadership roles.

## ABOUT OUR CLASSES

Our Bellevue Competitive program is designed to introduce beginner & more experienced athletes into the competitive and amazing world of Allstar Cheerleading which requires more commitment physically and financially. Classes are run by our lead coaches and are based around producing a routine that includes tumbling, stunting and dance. The routine will be competed at 4 state competitions including ATC Showdown which is the biggest comp of the season and is held at the Perth Convention Centre.

We recommend taking a tumble class in conjunction with this program to help advance personal tumbling skills that will be used in the routine.

## TUMBLE/ACRO

### GROUP TUMBLE CLASSES

Tumbling is a major part of competitive cheerleading and it is highly recommended to take an additional class to your cheerleading team. These classes are focused on perfecting tumble skills at the athletes current ability level, as opposed to routine development in class. We have several classes during the week with varying skill levels to help our athletes progress safely and effeciently. There are no extra commitments or competitions on top of this class.

## PRIVATE LESSONS

### ONE ON ONE

One on one is the most effective and quickest way to progress and is highly recommended for those wanting to target a certain skill or level. When a student/family has multiple one on one lessons the cost is reduced to \$350 per block (\$35 per lesson). Solos may only be performed at competitions if the athlete is partaking in weekly one on one sessions.

### GROUP TUMBLE (3 OR MORE)

Group tumbling classes allow students to work with other athletes at a similar level in a smaller class environment allowing coaches to work closer with the athletes than in a class situation. No discount is given for multiple lessons.

### DUO PRIVATES

Duo privates are ideal for athletes that are working the same/similar skills and drills. This is ideal for athletes that want to be pushed but prefer working with others. No discount is given for multiple lessons.
